An Overview of Sustainable Development in
Africa

In its sweeping surveys of African economics, African Economic Development offers an eclectic and useful source of data and perspectives that enable contributors to focus on pragmatic solutions, not ideological or political answers. Balancing theory and empiricism, this book provides an important vantage point for heralding Africa's elusive dawn

The central objective of this seminar is to analyse the processes and problems of the economic development of Sub-Saharan Africa. The seminar will begin with a brief survey of Africa's development. Attention will then focus some aspects of human development in Africa, namely demography, poverty and income distribution, education and health.
