All The Devils Are Here
"All the Devils are Here" is Penny's best book to date. It is complex, suspenseful, and emotional with a small touch of the paranormal. It has a cracking good, twisty plot--you don't see where it is going--and an excellent ending. Most of all, it demonstrates Penny's continuing growth as an author and, I suspect, as a person.

All the Devils are Here is a compendious but anecdotal history of the real estate bubble and financial crisis of the early 2000s in the United States. Unlike some of the other books on the subject, the authors discuss the mortgage originators, such as Countrywide, as well as the Wall Street firms that repackaged the mortgages into various sorts of derivatives, such as Goldman Sachs, Lehmann, Bear Sterns and Merrill Lynch (which was bought by Bank of America).

The 16th novel by #1 bestselling author Louise Penny finds Chief Inspector Armand Gamache of the Sûreté du Quebec investigating a sinister plot in the City of Light On their first night in Paris, the Gamaches gather as a family for a bistro dinner with Armand's godfather, the billionaire Stephen Horowitz. Walking home together after the meal, they watch in horror as Stephen is knocked down and critically injured in what Gamache knows is no accident, but a deliberate attempt on the elderly man's life. When a strange key is found in Stephen's possession it sends Armand, his wife Reine-Marie, and his former second-in-command at the Sûreté, Jean-Guy Beauvoir, from the top of the Tour d'Eiffel, to the bowels of the Paris Archives, from luxury hotels to odd, coded, works of art. It sends them deep into the secrets Armand's godfather has kept for decades. A gruesome discovery in Stephen's Paris apartment makes it clear the secrets are more rancid, the danger far greater and more imminent, than they realized. Soon the whole family is caught up in a web of lies and deceit. In order to find the truth, Gamache will have to decide whether he can trust his friends, his colleagues, his instincts, his own past. His own family. For even the City of Light casts long shadows. And in that darkness devils hide.

The New York Times bestseller hailed as "the best business book of 2010" (Huffington Post). As soon as the financial crisis erupted, the finger-pointing began. Should the blame fall on Wall Street, Main Street, or Pennsylvania Avenue? On greedy traders, misguided regulators, sleazy subprime companies, cowardly legislators, or clueless home buyers? According to Bethany McLean and Joe Nocera, two of America's most acclaimed business journalists, the real answer is all of the above-and more. Many devils helped bring hell to the economy. And the full story, in all of its complexity and detail, is like the legend of the blind men and the elephant. Almost everyone has missed the big picture. Almost no one has put all the pieces together. All the Devils Are Here goes back several decades to weave the hidden history of the financial crisis in a way no previous book has done. It explores the motivations of everyone from famous CEOs, cabinet secretaries, and politicians to anonymous lenders, borrowers, analysts, and Wall Street traders. It delves into the powerful American mythology of homeownership. And it proves that the crisis ultimately wasn't about finance at all; it was about human nature. Among the devils you'll meet in vivid detail:
[] Angelo Mozilo, the CEO of Countrywide, who dreamed of spreading homeownership to the masses, only to succumb to the peer pressure-and the outsized profits-of the sleaziest subprime lending.
[] Roland Arnall, a respected philanthropist and diplomat, who made his fortune building Ameriquest, a subprime lending empire that relied on blatantly deceptive lending practices.
[] Hank Greenberg, who built AIG into a Rube Goldberg contraption with an undeserved triple-A rating, and who ran it so tightly that he was the only one who knew where all the bodies were buried.
[] Stan O'Neal of Merrill Lynch, aloof and suspicious, who suffered from "Goldman envy" and drove a proud old firm into the ground by promoting cronies and pushing out his smartest lieutenants.
[] Lloyd Blankfein, who helped turn Goldman Sachs from a culture that famously put clients first to one that made clients secondary to its own bottom line.
[] Franklin Raines of Fannie Mae, who (like his predecessors) bullied regulators into submission and let his firm drift away from its original, noble mission.
[] Brian Clarkson of Moody's, who aggressively pushed to increase his rating agency's market share and stock price, at the cost of its integrity.
[] Alan Greenspan, the legendary maestro of the Federal Reserve, who ignored the evidence of a growing housing bubble and turned a blind eye to the lending practices that ultimately brought down Wall Street-and inflicted enormous pain on the country.
Just as McLean's The Smartest Guys in the Room was hailed as the best Enron book on a crowded shelf, so will All the Devils Are Here be remembered for finally making sense of the meltdown and its consequences.

Twenty years ago, in a series of mysterious, incandescent writings, David Seabrook told of the places he knew best: the declining resort towns of the Kent coast. The pieces were no advert for the local tourist board. Here, the ghosts of murderers and mad artists crawl the streets. Septuagenarian rent boys recall the good old days and Carry On stars go to seed. Clandestine fascist networks emerge. And all the time, there is Seabrook himself - desperate perhaps, and in danger. Dark, strange and immediate, this is a classic work of sui generis British literature. There are devils here, and the reader will remember them.

Chief Inspector Armand Gamache returns to Three Pines in #1 New York Times bestseller Louise Penny's latest spellbinding novel You're a coward. Time and again, as the New Year approaches, that charge is leveled against Armand Gamache. It starts innocently enough. While the residents of the Québec village of Three Pines take advantage of the deep snow to ski and toboggan, to drink hot chocolate in the bistro and share meals together, the Chief Inspector finds his holiday with his family interrupted by a simple request. He's asked to provide security for what promises to be a non-event. A visiting Professor of Statistics will be giving a lecture at the nearby university. While he is perplexed as to why the head of homicide for the Sûreté du Québec would be assigned this task, it sounds easy enough. That is until Gamache starts looking into Professor Abigail Robinson and discovers an agenda so repulsive he begs the university to cancel the lecture. They refuse, citing academic freedom, and accuse Gamache of censorship and intellectual cowardice. Before long, Professor Robinson's views start seeping into conversations. Spreading and infecting. So that truth and fact, reality and delusion are so confused it's near impossible to tell them apart. Discussions become debates, debates become arguments, which turn into fights. As sides are declared, a madness takes hold. Abigail Robinson promises that, if they follow her, ça va bien aller. All will be well. But not, Gamache and his team know, for everyone. When a murder is committed it falls to Armand Gamache, his second-in-command Jean-Guy Beauvoir, and their team to investigate the crime as well as this extraordinary popular delusion. And the madness of crowds.

“‘A Better Man,’ with its mix of meteorological suspense, psychological insight and criminal pursuit, is arguably the best book yet in an outstanding, original oeuvre.” —Tom Nolan, The Wall Street Journal “Enchanting... one of his most ennobling missions.” —Marilyn Stasio, New York Times Book Review Catastrophic spring flooding, blistering attacks in the media, and a mysterious disappearance greet Chief Inspector Armand Gamache as he returns to the Sûreté du Québec in the latest novel by #1 New York Times bestselling author Louise Penny. It’s Gamache’s first day back as head of the homicide department, a job he temporarily shares with his previous second-in-command, Jean-Guy Beauvoir. Flood waters are rising across the province. In the middle of the turmoil a father approaches Gamache, pleading for help in finding his daughter. As crisis piles upon crisis, Gamache tries to hold off the encroaching chaos, and realizes the search for Vivienne Godin should be abandoned. But with a daughter of his own, he finds himself developing a profound, and perhaps unwise, empathy for her distraught father. Increasingly hounded by the question, how would you feel... , he resumes the search. As the rivers rise, and the social media onslaught against Gamache becomes crueler, a body is discovered. And in the tumult, mistakes are made. In the next novel in this “constantly surprising series that deepens and darkens as it evolves” (New York Times Book Review), Gamache must face a horrific possibility, and a burning question. What would you do if your child’s killer walked free?

When a peculiar letter arrives inviting Armand Gamache to an abandoned farmhouse, the former head of the Sûreté du Québec discovers that a complete stranger has named him one of the executors of her will. Still on suspension, and frankly curious, Gamache accepts and soon learns that the other two executors are Myrna Landers, the bookseller from Three Pines, and a young builder. None of them had ever met the elderly woman. The will is so odd and includes bequests that are so wildly unlikely that Gamache and the others suspect the woman must have been delusional. But what if, Gamache begins to ask himself, she was perfectly sane? When a body is found, the terms of the bizarre will suddenly seem less peculiar and far more menacing. But it isn’t the only menace Gamache is facing. The investigation into what happened six months ago—the events that led to his suspension—has dragged on, into the dead of winter. And while most of the opioids he allowed to slip through his hands, in order to bring down the cartels, have been retrieved, there is one devastating exception. Enough narcotic to kill thousands has disappeared into inner city Montreal. With the deadly drug about to hit the streets, Gamache races for answers. As he uses increasingly audacious, even desperate, measures to retrieve the drug, Armand Gamache begins to see his own blind spots. And the terrible things hiding there.

Now a Netflix film starring Tom Holland and Robert Pattinson A dark and riveting vision of 1960s America that delivers literary excitement in the highest degree. In The Devil All the Time, Donald Ray Pollock has written a novel that marries the twisted intensity of Oliver Stone’s Natural Born Killers with the religious and Gothic overtones of Flannery O’Connor at her most haunting. Set in rural southern Ohio and West Virginia, The Devil All the Time follows a cast of compelling and bizarre characters from the end of World War II to the 1960s. There’s Willard Russell, tormented veteran of the carnage in the South Pacific, who can’t save his beautiful wife, Charlotte, from an agonizing death by cancer no matter how much sacrificial blood he pours on his “prayer log.” There’s Carl and Sandy Henderson, a husband-and-wife team of serial killers, who troll America’s highways searching for suitable models to photograph and exterminate. There’s the spider-handling preacher Roy and his crippled virtuoso-guitar-playing sidekick, Theodore, running from the law. And caught in the middle of all this is Arvin Eugene Russell, Willard and Charlotte’s orphaned son, who grows up to be a good but also violent man in his own right. Donald Ray Pollock braids his plotlines into a taut narrative that will leave readers astonished and deeply moved. With his first novel, he proves himself a master storyteller in the grittiest and most uncompromising American grain.

It takes nerve and skill — as well as heart — to write mysteries like this. ‘Glass Houses,’ along with many of the other Gamache books, is so compelling that, for the space of reading it, you may well feel that much of what’s going on in the world outside the novel is ‘just noise.’” —Maureen Corrigan, The Washington Post When a mysterious figure appears in Three Pines one cold November day, Armand Gamache and the rest of the villagers are at first curious. Then wary. Through rain and sleet, the figure stands unmoving, staring ahead. From the moment its shadow falls over the village, Gamache, now Chief Superintendent of the Sûreté du Québec, suspects the creature has deep roots and a dark purpose. Yet he does nothing. What can he do? Only watch and wait. And hope his mounting fears are not realized. But when the figure vanishes overnight and a body is discovered, it falls to Gamache to discover if a debt has been paid or levied. Months later, on a steamy July day as the trial for the accused begins in Montréal, Chief Superintendent Gamache continues to struggle with actions he set in motion that bitter November, from which there is no going back. More than the accused is on trial. Gamache’s own conscience is standing in judgment. In Glass Houses, her latest utterly gripping book, number-one New York Times bestselling author Louise Penny shatters the conventions of the crime novel to explore what Gandhi called the court of conscience. A court that supersedes all others.
