A Corrosion Prevention and Control Program should be established to maintain the aircraft's resistance to corrosion as a result of systematic (e.g. age-related) deterioration through chemical and/or environmental interaction. This Program applies to damage tolerant and safe-life structures. The program is expected to allow control of the corrosion on the aircraft to Corrosion Level 1 or better.

Corrosion Prevention Control Program CPCP ReviewSofema ...

Corrosion Prevention & Control (CPC) Management eCourse. CPC planning is the most efficient method for effectively addressing and reducing the impact of corrosion at every stage of a product or facility's lifecycle. This eCourse walks through the NACE SP21412-2016/SSPC-CPC 1 standard, diving into the key aspects of CPC planning for products and facilities.

Corrosion Prevention and Control Management eCourse - NACE

CORROSION PREVENTION & CONTROL PROGRAMS In response to task 2), Boeing formed a special task force in 1988 to develop a proposal for Corrosion Prevention and Control Programs (CPCPs) for "aging" 707/720, 727, 737 and 747 airplanes. Development of the proposals centered around information from a large computerized data base, which Boeing has

Corrosion Prevention and Control Programs for Boeing Airplanes

Corrosion Prevention and Control: A Program Management Guide for Selecting Materials

(PDF) Corrosion Prevention and Control: A Program ...

Sound Corrosion Prevention and Control (CPC) planning reduces life-cycle costs, improves maintainability and availability and enhances ESOH compliance. The DoD Corrosion Prevention and Control Planning Guidebook for Military Systems and Equipment (MS&E) (i.e. CPC Planning Guidebook) helps Program Managers (PMs), Systems Engineers, Product Support Managers and other program staff develop and execute a comprehensive CPC approach.

Corrosion Prevention and Control - DAU Home

Courtesy AMCOM Corrosion Program Office. The prevailing opinion across the Department of Defense and the Army is having an effective Corrosion Prevention and Control program is vital to successful...

Army Corrosion Prevention and Control Program: What is the ...

A Corrosion Prevention and Control (CPC) Plan should be prepared as early in a program as possible and updated through the life of the system. The Plan should define the CPC requirements and include goals and metrics of the program. For example, metrics may be in terms of dollars, non-mission capable rates, or maintenance manhours.

Corrosion Prevention - an overview | ScienceDirect Topics

This regulation establishes policies and responsibilities to implement corrosion prevention and control (CPC) of Army materiel. This includes material development, acquisition, fielding,...

Equipment Corrosion Prevention and Control for Army Materiel

Mission: To establish a comprehensive CPAC program to extend the useful life of all Marine Corps tactical ground and ground support equipment, and to reduce maintenance requirements and associated...
