Economic And Social History Of

Economic and social history is the study of the way societies change in their economic activities and social organisation. It is concerned with how people in the past lived and worked, and how this has affected the development of today's world. It is possible to do this degree together with a language, including a year abroad.

Economic and social history of New England, 1620-1789 ...

This book examines the most important themes in European social and economic history from the beginning of growth around the year 1000 to the first wave of global exchange in the 1490s. These five hundred years witnessed the rise of economic systems, and the social theories that would have a profound influence on the rest of the world over the next five centuries.
