Graceling by Kristin Cashore follows in a burgeoning market for strong female characters. Katsa is much like Katniss from The Hunger Games in her naive perception of the world, her coldness and tendency towards pragmatic practicality. She is similar

Katsa is a wonderful main character. She is a graceling, meaning that she is graced with special abilities like many other characters in this fantasy world. Katsa is able to kill anyone with her bare hands and is a skilled fighter. I absolutely adored Katsa.

Gracelings are often born with their strange gift of skill, but sometimes awaken to it later in life after a traumatic event or an intense experience of some kind. When building your character, you'll want to think on when their Grace manifested and how it was seen by those around them at the time.

What is Graceling About and Why Should I Care? Sure all the action, espionage, and secrecy keep Graceling moving along at a nice clip (which makes it a pretty easy and enjoyable read). And yes, Katsa is pretty much a medieval fantasy version of Jason Bourne. But this isn't your typical thriller where it's always easy to tell the good guys from the bad guys, the right choices from the wrong ones.
