commercial properties. It is not intended to be a textbook or comprehensive academic treatise. Rather, it contains practical perspectives and techniques developed over the years in the course of advising and representing investors. Since there are usually as many opinions as there are lawyers in a room, it should be no surprise if other lawyers disagree with at least some of my conclusions. In response, I would point out that there is nothing theoretical in this book. Every strategy I describe has been tried and has succeeded in the real world. Having said that, every reader should consult his or her attorney prior to implementing any of my suggestions in order to insure compatibility with individual circumstances. Business plans vary and so do investments and asset protection strategies. This book does not offer legal

guidance to any particular person with regard to any particular case. Note also that the law changes and evolves, often rapidly. While cases and statutes are cited in this book, the reader should do independent research to ascertain the current status of the law before relying on any of these citations. If you are a real estate investor who owns (or aspires to own) 10, 20, or 50 or more properties, then you should consider reading this book. If you use creative methods such as wraparounds and "subject to" transactions then you may find this volume very useful indeed. However, if your goal is to assemble an international consortium to purchase Rockefeller Center or Trump Tower, then this is probably not the volume for you. All real estate investors should form the habit of doing thorough due diligence prior to
